Animal Normalization Therapy Certification
Patricia Kortekaas, P.T.
December 7-10, 2017 Eugene, Oregon

The Animal Normalization Therapy (ANT) Certification process will entail:

- 2-day review of important concepts/techniques from the Introduction, Advanced, Extremity, Cranio-sacral, Vascular classes including Lymphatics, Foot Reflexology (new) and Osteophoincs (new).
- Open book written exam – workbook will be provided.
- 2nd and 3rd day - evaluation in teams of 2 students with local dogs.
- An opportunity to apply your own techniques in addition to the ANT treatment.
- 4th day discussion of treatment and questions.
- Dinner on Saturday night paid by the fees collected by the local dog owners.

QUALIFICATIONS:
1. Have taken all five classes before certification.
2. Two case studies (treatment at least one hour) completed.
3. Case studies sent to Patricia to review by November 1st. The format of the paper will be provided.
